

Engineering For Sustainability 2027

Corporate Sponsorship Packages

The SAIMC Presents: **Engineering For Sustainability 2027**

Event Description

The SAIMC will be hosting the Engineering for Sustainability 2027 Competition. This competition is designed to challenge the creativity, technical skills, and innovative thinking of engineering students across various disciplines related to automation, instrumentation, mechatronics and computer engineering; however other disciplines are welcome too. It offers a dynamic platform for students to apply theoretical knowledge to real-world problems, collaborate in teams, and gain exposure to the broader engineering community.
